Science-Technology Division

Hilary Davis, Chair

The objectives of the Science-Technology Division shall be to draw together those members of the Special Libraries Association having an interest in the role of library and information science as applied to the recording, retrieval and dissemination of knowledge and information in all areas of science and technology, and to promote and improve the communication, dissemination and use of such knowledge for the benefit of libraries and their users.'

First and foremost, I want to extend a thank you to all of those who have volunteered this year for committees and liaison roles and who have helped guide me in my role as Chair. I'm honored to be a part of such great energy and enthusiasm! Our goals for this year (outlined in the last issue of the *SciTech News*) are in the works—look for changes to our website later in the year, coupled with creative showcasing of our members, new ways to leverage the listserv and communication channels within the division (see Joe Kraus' survey at <http://www.nothingbut.net/2010/03/discussion-sessions-for-dst-members.html>), and potentially revised branding to align with SLA Headquarters' goal to have a "uniform visual identity."

The Professional Development Committee is ramping up for a webinar on May 12, free to Sci-Tech Division members! The topic is "Twitter for Special Libraries" featuring Joe Murphy (Yale University and 2009 *Library Journal* Mover and Shaker). By the time this issue hits the web, you will have already seen the invitation to register. Please sign up!

The SLA Annual Conference in New Orleans is just around the corner! This year, the Sci-Tech Division Conference Planning Committee has designed an exciting array of programs and events including the Future of Science Librarianship Contributed Papers session featuring both in-person and virtual presenters; the Computer Science Round Table focusing on Kindle/e-reader loan programs, digital image metadata, and augmented reality (with complimentary boxed lunches while supplies last); a new session on Collection Intelligence (assessment tools and strategies to demonstrate

use/value of library collections); a session on Grants Librarianship (with complimentary coffee and donuts, while supplies last); the IT/Sci-Tech Open House, and many more. As always, we will announce award winners at the Sci-Tech Business Meeting and Awards Breakfast. This year, we are again hosting a Newcomers' Lunch during the Annual Conference (Sunday, June 13). Invitations to new members will be forthcoming. This is an opportunity for new members to meet and start building new professional networks over a free lunch.

Please consider serving as reporters for our sessions. The *SciTech News* will need session reporters to write about the programs they attend for the September issue. Please let James Manasco (james.manasco@louisville.edu) know if you are interested in being a reporter.

The complete list of Sci-Tech conference sessions can be found online at <http://units.sla.org/division/dst/Annual%20Conference/conference.html> and in this issue of *SciTech News*.

We are truly grateful to our vendor sponsors who have come through once again to support us and our programs at the Annual Conference. Many thanks to our sponsors! A list of this year's sponsors can be found at: <http://units.sla.org/division/dst/Sponsorship/sponsors.html>

As always, if you have comments, questions or suggestions, feel free to contact me. ❖

Two Free SLA Student Memberships Available

Submitted by Thea Allen, Student Relations Chair, Sci-Tech Division

Are you a Library/Information Science student interested in Sci-Tech Librarianship? Would you like to join the Special Libraries Association (SLA)? The Student Relations Committee of the Sci-Tech Division of SLA is offering a FREE one-year membership in SLA (includes affiliation with the Sci-Tech Division as well as one chapter affiliation of your choice) ! To be eligible for one of the free student memberships, all you have to do is come up with some creative & relevant ways that the Sci-Tech Division should engage with library/information science students who are looking forward to a career in Sci-Tech librarianship. Check out what we already do at the Sci-Tech Division website: <http://units.sla.org/division/dst/index.html>.

To apply, send your creative ideas, along with your name, email, phone number, address, and the library/information science program in which you are enrolled to theaallen@gmail.com. **Deadline May 21, 2010.**

Winners will be selected and notified by June 1, 2010. If you are not selected for one of the two free memberships, you can still become connected to a wealth of professional development opportunities, colleagues, and mentors by applying for the SLA one-year student membership, a bargain at \$40. Visit <http://www.sla.org/content/membership/> to learn about the benefits of an SLA membership.

Sci-Tech Division Vendor Sponsors for 2010

Carol Lucke, Vendor Relations Chair, Sci-Tech Division

The Sci-Tech Division would like to recognize our generous sponsor vendors for their financial assistance and support for the 2010 SLA Conference. Without them the Sci-Tech Division would not be able to offer the relevant, educational and interesting programs and networking opportunities our members count on and expect. This year our vendor supporters include, in alphabetical order:

ACS
Annual Reviews
ASTM
CrossRef
Elsevier
IEEE
IET/Inspection
Morgan Claypool Publishers
Springer
Thomson Reuters
HW Wilson
World Scientific

Please be sure to visit our sponsors at the Exhibitors Center and thank them for their support!
